

Comprehensive Plan Implementation Committee Mission Statement

Whereas the adopted 2005 Comprehensive Plan found it desirable to preserve the unique character of Harpswell, the Comprehensive Plan Implementation Committee will continue to develop specific land-use proposals for implementing the goals of the Plan. CPIC will develop proposals to be presented to the Select Board for its consideration for presentation to the Town Meeting.

OBJECTIVES FOR 2009-2010:

*The Committee will identify particularly suitable areas for future growth throughout the town, taking into account natural constraints and considering the focus areas identified in the Open Space Plan. The Committee will propose ways to achieve these goals.

*The Committee will report to the Select Board periodically on its progress.
